Subject: MDPV

Hi Julie,

We possibly have methylenedioxy pyrovalerone (MDPV), one of the bath salts. DEA Diversion considers it an analog of MDEA (Sch 1). I have three questions.

1. How should we be reporting Federally Scheduled 1 Drugs that do not appear in Mass. Laws? i.e.- Benzylpiperazine
2. How should we report Schedule 1 analogs? i.e. MDPV
3. Is this addressed anywhere in our Controlled Substance Act? The Massachusetts Class E section only mentions prescription drugs other than those included in Classes A, B, C, D, and E subsection.

Thanks
Peter
